

# MURENZI NORBERT

AgriBusiness Coach

## PROFILE

With expertise in land surveying, I have experience using GPS, total stations, and GIS software for precise topographic and cadastral surveys, supporting land management and infrastructure projects.

In agribusiness coaching, I am currently training farmers and FSCs to enhance their skills, financial literacy, and market access.

I am also Passionate about continuous learning, I am motivated to grow professionally and collaborate effectively with teams to achieve impactful results.

## EDUCATION

### INES RUHENGARI

01-July-2021 – 24-10-2024

**Bachelor's Degree in Engineering Technology (Land Surveying)**

INES-Ruhengeri | 2024

## WORK EXPERIENCE

### Afri Precast – Assistant Land Surveyor

18-February 2020– 23-June-2021

Assisted in land surveys at the Kanombe and Rebero sites, including boundary and construction surveys. Utilized total stations to collect precise data, supporting the planning and execution of infrastructure projects under the DRD initiative. Collaborated with senior surveyors to ensure accurate documentation and reporting.

### URUKUNDO Pharmacy - Marketing & Sales Agent

13-July-2021 – 20-August 2023

Assisted in promoting pharmacy products and services, helping to drive sales and customer engagement. Maintained relationships with customers, answered inquiries, and supported daily sales operations. Conducted basic market research to identify customer needs and improve service delivery.
